Hand operated folder

 # 00309515

Manual folding machines - MB-2000L

The MB 2000L folders are easy to operate, heavy, manual machines particularly suited for folding of the thin sheet metals.

The machines are offered with the clamping bar: L - low 45°.

The machines are offered with roller shear, back gauge and radius blade.

The models MB-L are machines which are suited to standard straight folding operations, and because of their low clamping beams, are ideal for channel sections and Z-profiles.

Optional equipment:

Product Specification

Capacity (mm)	2020 x 1,0
Sheet thickness steel (mm)	1,0
Max. Opening (mm)	35
Bending angle	135°
Length (mm)	2320
Width (mm)	630
Height (mm)	1100
Net weight (kg)	475
