# SUPERLEX w/segments in all three beams

**# 00313365**

**Manual folding machines - HS-3-3SH SUPERFLEX**

The Superflex range of folding machines are a new generation of sheet folders with segment divided clamp, bed and fold bars, for folding materials in inverse directions, enabling, special profiles to be formed.

The Superflex machines are of a sturdy and fully welded construction.

Foot operated control of the clamp bar ensures extremely fast and simple operation, and allows both hands to be kept free for adjustment of the material being folded.

**Optional equipment:**

Back gauge and ERGO unit.
